HAPPY NEW YEAR 2018!

A lot of wonderful things began in 2017 and we expect many more to come about in 2018. Let's get caught up on last year.

THE VIDEO PARTNERSHIP - "UNFILTERED PASSION" BETWEEN PORSCHE, PETROLICIOUS, AND CPR IN FALLBROOK, CALIFORNIA CAME TO FRUITION IN DECEMBER 2017.

A film featuring Brian and Dylan Doherty, Porsche Restoration, and the new Porsche 911T. Yes, it is sort of an advertisement. However, there are a few very relevant points that are brought out.

No one can question the unbelievable quality and performance that is the heart and sole of the Porsche Motorcar. No one can question the passion and perfection that CPR lavishes on its restorations of the Porsche Motorcar. The fact that the Porsche Factory, in choosing CPR Fallbrook to be its partner in this video, certifies the correctness of the statement - "There is only one way to correctly restore a Porsche" - and that CPR restores Porsches to the Factory's acceptance. In case you didn't know the connection between CPR, Fallbrook and CPR East: Brian Doherty took over the daily operation of CPR when his father passed away in the late 1990's. When Brian thought of expanding to the East Coast, he reached out to his long time friend Bruce Wakefield. Brian and Bruce shared a love of Porsches, a sense of perfection and an

uncompromising pursuit of excellence. Brian and Bruce worked out a special working arrangement whereby the quality and passion would be consistent West Coast to East Coast.

For those who didn't know, Dylan Doherty, Brian's Son is the 2016 National GT2 Driving Champion driving a CPR built and sponsored Porsche.

CPR is looking for a Major sponsor for the 2018 GT2 series with Dylan as the Driver. Interested? Give me a call! **410-822-8322**

RESTORATION OF THE SIMIONE MUSEUM 356 PORSCHE CAB CONTINUES

Completion of the tub floor is well underway following the straightening of the tub on the CPR frame table, temporary reinforcement, and glass blasting the tub rust.

NEW CPR CLASSIC EAST WINDOW TREATMENT

We think it looks great. Let us know what you think!

FINALLY, THE LAST OF THE CPR SHOPS HAS BEEN REFINISHED

The Mechanical Shop is the last of the Six Shops within CPR to undergo a freshening up. We really like the way the Mechanical Shop turned out. New Benches and Cabinets, lighting, an additional lift, and Epoxy painted floors, and some new equipment and tooling. [Here's a link to the 3D shop tour.](#)
